

PRESS RELEASE  
For Immediate Release

## NEW BOOK SHOWS HOW TO IMPROVE BUSINESS COSTS AND TO THRIVE DURING TRYING AND UNCERTAIN ECONOMIC TIMES

Lexington, NC- August 3, 2012 –Value Transformation LLC founders', Mr. Kim Pries and Mr. Jon M. Quigley PMP, recent book *Reducing Process Costs with Lean, Six Sigma, and Value Engineering Techniques* illustrates a variety of methods to achieve cost improvement demands of an organization. In a world of global competition and ever eroding margins, constant cost improvement is the necessary prescription. The authors have saved their companies millions of dollars.

The book reviews a variety of techniques including Function Analysis Systems Technique (FAST), teardown, as well as homegrown cost improvement methods and techniques. Additionally, the book has rubrics that provide the reader with structure to assess their level of skill with the topic under discussion as well as questions to ponder exercises to try the skill. The text provides any organization with a number of methods and techniques to reduce their business cost and consequently improve their margins.

The authors have decades of experience in efficient and quality product development and have authored a number of books are found and purchased at [www.valuetransform.com](http://www.valuetransform.com) and at [www.amazon.com](http://www.amazon.com). They help you meet your cost targets through training in tools, techniques as well as processes. The authors have saved a number of company's millions of dollars each year. They will transfer THEIR knowledge via training to YOUR staff so YOU have the capability.

Kim H. Pries and Jon M. Quigley founded Value Transformation LLC in 2009. Their experience largely focused upon software, specifically embedded products, and the manufacturing and product development of new products. Call today to move toward the improvement you want and need.
